**Subject:** Signs

**Categories:** Record Saved - Shared

Rebecca,

Attached are the signs at each location but the Foundry Road location. When I went there all of the glass has been removed and it is a cleaned up site FYI.

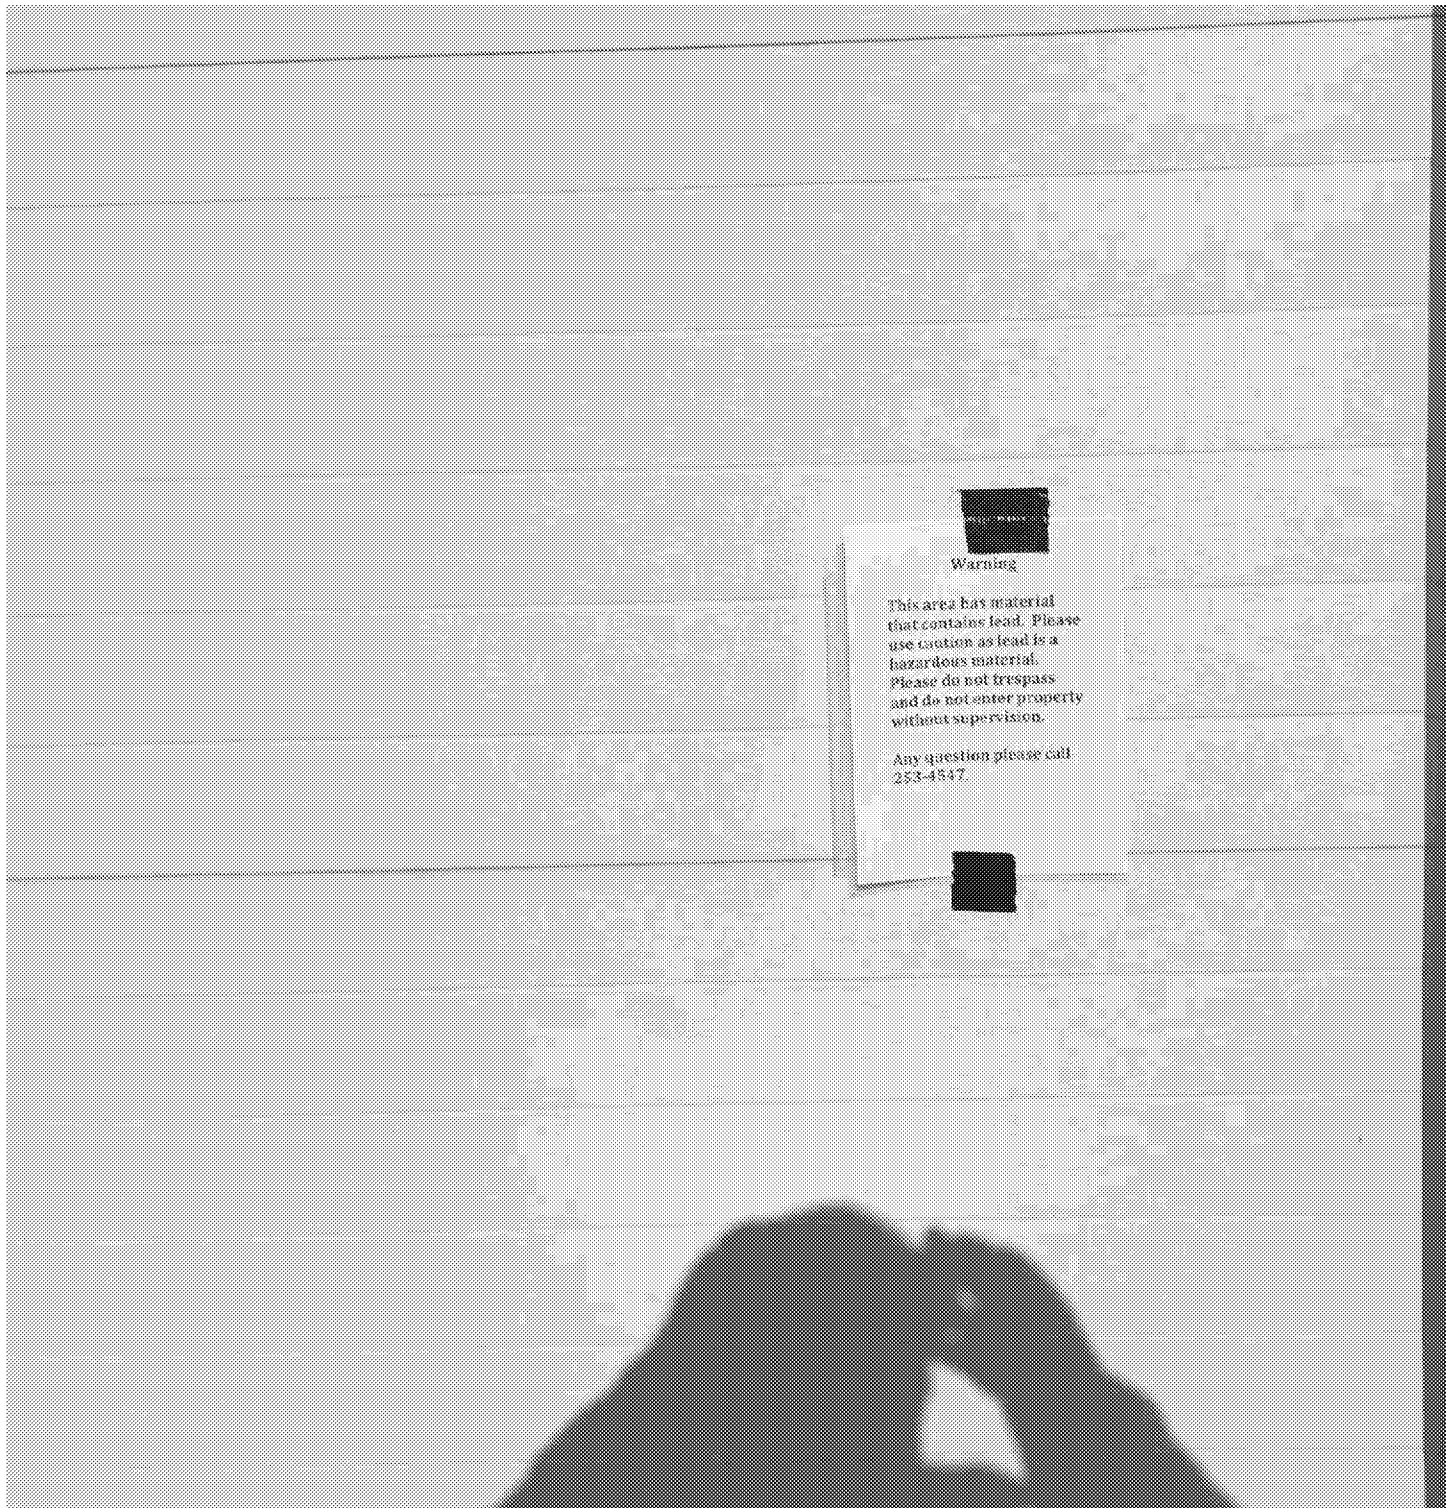

**Warning**

**This area has material that contains lead. Please use caution as lead is a hazardous material. Please do not trespass and do not enter property without supervision.**

**Any question please call 253-4547.**

P.S. Happy New Year!  
Regards,

Aaron Rochester
